

Water Management Workshop

Monday 14 October, 1:15pm–3:30pm
Omakau Golf Club, 23 Alton Street

Join us for a **FREE** interactive workshop brought to you by MCG and led by senior environmental consultant Jane Robb. This is a great opportunity to upskill and improve your water management practices.

Learn how to measure and manage soil moisture effectively, ensuring you apply the right amount of water at the right time for optimal crop or pasture growth.

Hear about key strategies for improving irrigation practices to help you save on water costs and reduce environmental impact.

Bring your soil moisture data for personalised advice from Jane.

Limited to 25 places – get in fast!

RSVP today by emailing admin@mcg.co.nz
